Tel.: +49 8554 9437 255
Email: vertrieb@ecopack-folien.de

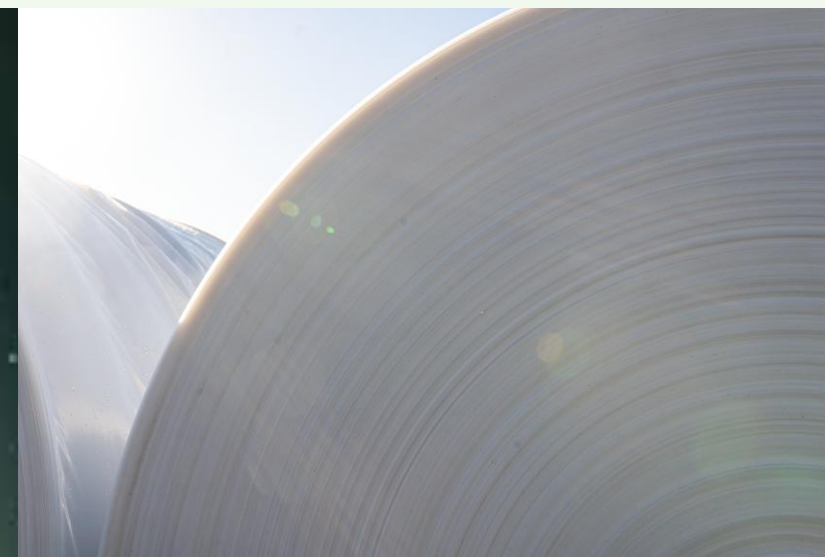

Introduction of ECOPack-Folien GmbH

- 🕒 Film distribution company for Germany, Austria, and Switzerland
- 🕒 Location in Southern Germany – Schönberg
- 🕒 We guarantee a comprehensive product range in the field of film technology
- 🕒 Packaging, construction, and vapor barrier films with manufacturing expertise
- 🕒 Individual customer consultation on film applications, as well as the implementation of up to series production approval

- Optimization and development of sustainable film concepts
- Reduction of the material use rate (film thicknesses)
- Conserve resources by saving transport and storage costs
- Use of recyclates as a contribution to environmental protection (PCR quality)

Construction Films

Baufolie transparent
3 Qualitätsstufen

Baufolie transparent-trüb

Baufolie bunt/opak

Baufolie schwarz

- All types of film = folded with gussets, half tube, lying flat up to 2.8 m
- Possibility of short roll production
- folded variants
- Private label
- supplied from 1 pallet

Vapor barrier films

according to EN 13984

**Dampfbremsfolie
nach Klasse B1**

**Dampfbremsfolie
nach Klasse E (B2)
oder Klasse F**

CE-LEISTUNGSÜBERSICHT DAMPFBREMSFOLIEN

ECO-Pack-Folien GmbH

PE-Dampfbremsfolien aus Polyethylen, blau eingefärbt, nach EN 13984

Produktbeschreibung	Dicke	SD Wert	Extrusionsverfahren
Dampfbremsfolie Klasse E, blau ECOFol 100/60	100 my	> 60 m	Mono (1-Schicht)
Dampfbremsfolie Klasse E, blau ECOFol 125/100	125 my	> 100 m	CoEx (3-Schicht)
Dampfbremsfolie Klasse E, blau EasyFol 200/100	200 my	> 100 m	Mono (1-Schicht)
Dampfbremsfolie Klasse E, blau ECOFol 250/200	250 my	> 200 m	CoEx (3-Schicht)
Dampfbremsfolie Klasse E, blau EasyFol 250/100	250 my	> 100 m	Mono (1-Schicht)
Dampfbremsfolie Klasse E, blau ECOFol 300/270	300 my	> 270 m	CoEx (3-Schicht)

- PE vapour barrier films in the quality levels according to DIN 13984
 - B1 Highest fire class
 - Klasse E Fire class B 2
 - Klasse F No flame retardant (Austria)
- Our films can be produced in all types of films = folded with SF, half tube, flat-lying
- Declarations of performance in accordance with the Construction Products Regulation (EU BAU PVO 305/2011)
- Private label and with its own declaration of performance (DoP)
- Product developments together with the customer, (assuming profitable quantities)

Leistungserklärung

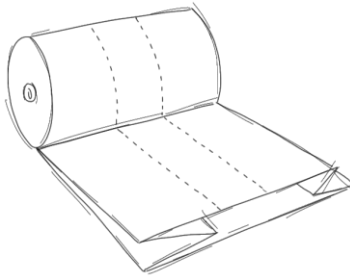

Dampfbremse B2, Typ 125 Coex

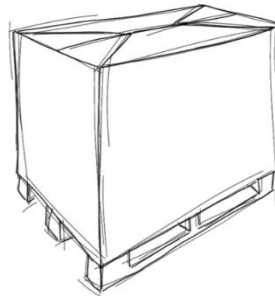

Kunststoff-Dampfbremse aus Polyethylen Niedermolekularer (PE-LD)
und Hochmolekularer Dichte (PE-LD)

Packaging films

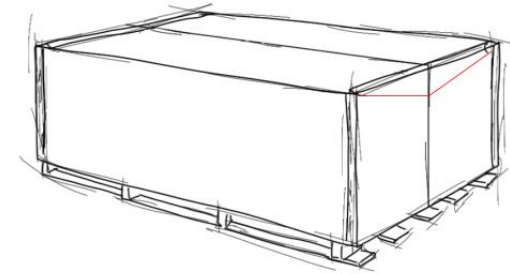

SF-Schlauch

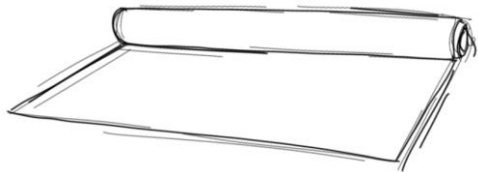

Schrumpfhauben

Flachhauben

Zuschnitte / Flachfolien

bedruckt / eingefärbt

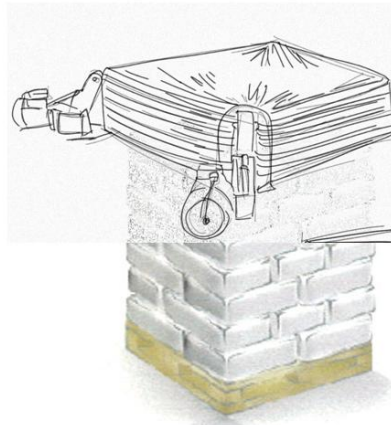

Stärke

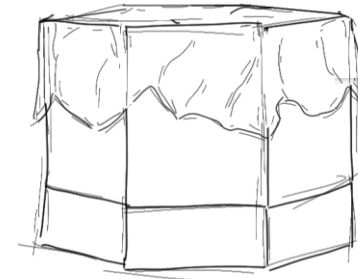

Lochung, Perforation

Dehnhauben

Inliner / Säcke / Beutel

Honest, fair, partnership-based!

- Food-grade films(Food, non Food)
- erhältlich als Schlauch, Halbschlauch, SF-Schlauch, Flachfolien
- equipped with different additives depending on the film properties (coloured, UV-stable, antistatic, gliding, etc.)
- Consistent use of recycled materials (where the product allows it!)

Thickness:

20my bis 500my

Lying width:

bis zu 3000mm

Circumference:

bis zu 1200mm

Colours:

transparent bis opak
eingefärbt

Printing:

up to 10 colours

finished:

Lochung 6-10mm, Nadel-
perforation vollflächig, partiell,
Beutel, Hauben, Säcke

Industrial and packaging films

SF -Shrink Tubing,
Hoods

Automatic shrink flat films
up to 10 colours printed

Dehnschlauch
Stretchhood

Half tube printed/
unprinted wood industry

Pellets film

FFS film

Formats up to 12m in
circumference

Stretch films

Bubble wrap / stretch film & accessories

Packmittel

Luftpolyesterfolien LPF

Stretchfolien

Klebebänder bedruckt,
unbedruckt

Umreifungsbänder

Begleitscheine

Target Markets / Industries

- Building materials trade / branch lists
- Building materials industry
- Insulation materials / ETICS
- Dismantling, concrete and prefabricated parts
- Bricks and roof tiles
- Other roofing
- Chemical building products (paints, paints, etc.)
- Mineral building products (plasters, etc.)
- Windows & Doors
- Heating, sanitation, installation
- Floor/Wall/Ceiling
- Building materials trade (wholesale and specialist)
- DIY stores
- Timber mills and industry
- Paper industry
- Beverage industry
- White appliance/household appliance industry
- Chemical and plastics industry
- Agriculture and agriculture
- Printing industry
- Food industry
- Pharmaceutical/Cosmetics/Hygiene
- Electrical industry Textile and leather industry
- Animal feed industry
- Metal and mechanical engineering
- Automotive and Commercial Vehicles
- Furniture industry
- Service Logistics / Freight Forwarding
- Service Disposal/Waste
- Prefabricated house and container construction
- Glass industry
